

# GHYCZY

## NEW EXTREMES

A home that has been passed down for generations, this storied estate is home to a family of art collectors. The GHYCZY collection sits in conversation with vintage pieces, antiques, and plenty of contemporary art, creating a dynamic interior full of vibrant flourishes. Unafraid of combining varied colours, patterns, and textures, this is the home of a free spirit.

## SOFT SOPHISTICATION

This elegant home contrasts a subdued palette of dusty pinks and warm oak woods with tougher touches of metal and glass, creating a calm but decisively contemporary interior. Fusing velvet and stainless steel, natural oak and glass, silk and aluminium matt, this interpretation of the GHYCZY collection highlights material combinations that create both warmth and serenity.

## BOLD MINIMALISM

Understated style is the signature of this modern loft, which emphasises clean lines and industrial finishes. But the versatile GHYCZY daybed brings a surprising shock of bright blue to the living room, and hints of the colour resurface throughout the space – a reminder that minimalism should never be mundane.
